High quality LED projectors, integrating components from reputable suppliers (LED - SMD 2835, CE Approved Power Supply). Thanks to the distribution of LEDs over a large area, the glare often associated with LEDs is limited and good heat dissipation is ensured. The extruded aluminium casing and the polycarbonate lens are sturdy and have a very long service life (50,000 hours).

Connection option connectable in a line (max - 10)

Options: -1-10V / DALI / Zigbee Variable and microwave motion detector

This lamp is guaranteed for five years. Designed for office, sports or industrial lighting applications, thanks to its elegance and even distribution of light, it is also certified to comply with the latest European lighting standards.
